Overview of GME Grant Timeline

Malinda Southard, NVHA Deputy Director

December 3, 2025

GME Advisory Council Responsibilities

Grant Evaluation

Prioritize institutions exceeding Medicare-funded FTE gaps.

Program Development

Creation and retention of ACGME-approved residency and fellowship programs.

Physician Workforce

Recruitment and retention of physicians to meet Nevada's health care needs.

Funding Strategies

Explore Medicaid federal financial participation to support training programs.

GME Grant Program

When awarding grants, **priority** should be given to programs that:

- Will **leverage funds** from the Federal Government or private persons to maximize the impact of the grants;
- Incorporate **innovative delivery models**, including telehealth, rotations in rural areas, and training in underserved settings;
- **Provide logistical support** which may include transportation, housing, and accommodations for family members of residents and fellows, to facilitate the placement of residents and fellows in rural areas and other underserved areas;
- **Demonstrate collaboration** with rural hospitals, community health centers, and other local health care entities; and
- Address geographic areas and populations of Nevada **where the shortage of providers of health care is most critical** and specialties for which the need in those areas and among those populations is most critical.
